### **Ward III Open House To Focus On Campbell Avenue Streetscape Enhancements**

On June 13, Ward III along with the Campbell Avenue Business/Neighborhood Steering Committee, and City staff from Transportation and Urban Planning & Design will host an Open House to update the community on the Campbell Avenue Streetscape Enhancements. The Open House is set for 5:30-7:30 p.m. at the Ward III Office, 1510 E. Grant. Committee members, City staff, and consultants will be available to discuss display boards, answer questions, and listen to additional ideas.

This project is the result of ongoing efforts by the Campbell Avenue Business Partnership, adjacent neighborhood associations, and Ward III to enhance Campbell Avenue as a “main street.” Ideas for improvements include upgraded walkways, landscaping, parking, and improved neighborhood connections to Campbell Avenue. These amenities will benefit the wide variety of people who live, work and go to school in the Campbell area. Following the Open House, the City Department of Transportation will prepare a Design Concept Report, which will be presented at a future public meeting. Federal funding has been identified to move the work forward.
